

NANCY B. SIMMONS

LIST OF PUBLICATIONS

Almeida, F., N.P. Giannini, R. DeSalle, and **N. B. Simmons**. In press. The phylogenetic relationships of cynopterine fruit bats (Chiroptera: Pteropodidae: Cynopterinae). *Molecular Phylogenetics and Evolution*.

Giannini, N. P., F. C. Almeida, **N. B. Simmons**. In press. Phylogenetic relationships of harpionycterine megabats. *Bulletin of the American Museum of Natural History*.

Simmons, N. B., and R. S. Voss. In press. Collection, preparation, and fixation of specimens and tissues. In: *Ecological and behavioral methods for the study of bats*, 2nd Edition (T. H. Kunz and S. Parsons, eds.). Johns Hopkins University Press.

Hoffman, M., P. Grubb, C. P. Groves, R. Hutterer, E. Van Der Straeten, **N. Simmons**, and W. Bergmans. 2009. A synthesis of African and western Indian Ocean Island mammal taxa (Class: Mammalia) described between 1988 and 2008: an update to Allen (1939) and Ansell (1989). *Zootaxa* 2205: 1-36.

Habersetzer, J, **N. Simmons**, K. Seymour, G. Gunnell, and E. Schlosser-Strum. 2008. Fledermäuse: Die evolution des fluges und der echoortung. *Biol. Unserer Zeit*. 38: 246-254.

Giannini, N. P., F. C. Almeida, **N. B. Simmons**, and K. Helgen. 2008. The systematic position of *Pteropus leucopterus* and its bearing on the monophyly and relationships of *Pteropus* (Chiroptera: Pteropodidae). *Acta Chiropterologica* 10: 11-20.

Simmons, N. B., K. L. Seymour, J. Habersetzer, and G. F. Gunnell. 2008. Primitive Early Eocene bat from Wyoming and the evolution of flight and echolocation. *Nature* 451: 818-821.

Giannini, N. P., and **N. B. Simmons**. 2007 The chiropteran premaxilla: a reanalysis of morphological variation and its phylogenetic interpretation. *American Museum Novitates* 3585: 1-44.

Giannini, N. P., and **N. B. Simmons**. 2007. Element homology and the evolution of dental formulae megachiropteran bats (Mammalia: Chiroptera: Pteropodidae). *American Museum Novitates* 3559: 1-22.

Giannini, N. P., F. C. Almeida, **N. B. Simmons**, and R. DeSalle. 2006. Phylogenetic relationships of the enigmatic Harpy Fruit Bat, *Harpyionycteris* (Mammalia: Chiroptera: Pteropodidae). *American Museum Novitates* 3533: 1-12.

Giannini, N. P., J. R. Wible, and **N. B. Simmons**. 2006. On the cranial Osteology of Chiroptera. I. *Pteropus* (Megachiroptera: Pteropodidae). Bulletin of the American Museum of Natural History 295: 1-134.

Schutt, W.A. and **N. B. Simmons**. 2006. Quadrupedal bats: form, function and phylogeny. Pp. 15-159 *in*: Functional and Evolutionary Ecology of Bats. (A. Zubaid, G. McCracken, and T. Kunz, Eds.). Oxford University Press.

Simmons, N. B. 2005. Order Chiroptera. Pp. 312-529 *in*: Mammal species of the World: a taxonomic and geographic reference, Third Edition, Volume 1 (D. E. Wilson and D. M Reeder, eds.). Johns Hopkins University Press.

Gunnell, G. F., and **Simmons, N. B.** 2005. Fossil evidence and the origin of bats. Journal of Mammalian Evolution, 12: 209-246.

Giannini, N. P., and **N. B. Simmons**. 2005. Conflict and congruence in a combined DNA-morphology analysis of megachiropteran bat relationships (Mammalia: Chiroptera: Pteropodidae). Cladistics 21: 411-437.

Simmons, N. B. 2005. Chiroptera. Pp. 159-174 *in*: Origins of the major clades of placental mammals (K. Rose and D. Archibald, eds.). Johns Hopkins University Press.

Simmons, N. B. 2005. An Eocene big bang for bats. Science 307: 527-528.

Lim, B. K., M. D. Engstrom, **N. B. Simmons**, and J. M. Dunlop. 2004. Phylogenetics and biogeography of least sac-winged bats (*Balantiopteryx*) based on morphological and molecular data. Mammalian Biology, 69: 225-237.

Giannini, N. P., and **N. B. Simmons**. 2003. A phylogeny of megachiropteran bats (Mammalia: Chiroptera: Pteropodidae) based on direct optimization analysis of one nuclear and four mitochondrial genes. Cladistics 19: 496-511.

Simmons, N. B., and T. Conway. 2003. Evolution of ecological diversity in bats. Pp. 493- 535 *in*: Bat Ecology (T. Kunz and M. B. Fenton, eds), University of Chicago Press.

Simmons, N. B., and J. H. Geisler. 2002. Sensitivity analysis of different methods of coding taxonomic polymorphism: an example from higher-level bat phylogeny. Cladistics, 18: 571-584.

Fleck, D. W., R. S. Voss, and **N. B. Simmons**. 2002. Underdifferentiated taxa and sublexical categorization: an example from Matses classification of bats. Journal of Ethnobiology 22(1): 61-102.

Simmons, N. B., and A. L. Wetterer. 2002. Phylogeny and convergence in cactophilic bats. Pp. 87-121 *in*: Evolution, ecology, and conservation of columnar cacti and their mutualists (T. Flemming and A. Valiente-Banuet, eds.), University of Arizona Press.

- Simmons, N. S.**, R. S. Voss, and D. W. Fleck. 2002. A new Amazonian species of *Micronycteris* (Chiroptera: Phyllostomidae) with notes on the roosting behavior of sympatric congeners. *American Museum Novitates*, 3358: 1-14.
- Van Den Bussche, R. A., S. R. Hooper, and **N. B. Simmons**. 2002. Phylogenetic relationships of mormoopid bats using mitochondrial gene sequences and morphology. *Journal of Mammalogy*, 83: 40-48.
- Jones, K. E., A. Purvis, A. MacLarnon, O. R. P. Bininda-Emonds, and **N. B. Simmons**. 2002. A phylogenetic supertree of the bats (Mammalia: Chiroptera). *Biological Reviews* 77: 223-259.
- Schutt, W. A., and **N. B. Simmons**. 2001. Morphological specializations of *Cheiromeles* (Naked Bulldog Bats; Molossidae) and their possible role in quadrupedal locomotion. *Acta Chiropterologica*, 3: 225-236.
- Simmons, N. B.** 2001. Misleading results from the use of ambiguity coding to score polymorphisms in higher-level taxa. *Systematic Biology* 50: 613-620.
- Voss, R. S., D. P. Lunde, and **N. B. Simmons**. 2001. The mammals of Paracou, French Guiana: a Neotropical lowland rainforest fauna. Part 2. Nonvolant mammals and summary. *Bulletin of the American Museum of Natural History*, 263: 1-236.
- Simmons, N. B.**, and T. Conway. 2001. Phylogeny of mormoopid bats (Chiroptera: Mormoopidae) based on morphological data. *Bulletin of the American Museum of Natural History* 258: 1-97.
- Simmons, N. B.**, R. S. Voss, and H. C. Peckham. 2000. The bat fauna of Säul, French Guiana. *Acta Chiropterologica* 2: 23-36.
- Simmons, N. B.** 2000. Bat phylogeny: an evolutionary context for comparative studies. Pp. 9 -58 in *Ontogeny, functional ecology, and evolution of bats* (R. Adams and S. Pederson, eds.), Cambridge University Press.
- Wetterer, A. L., M. V. Rockman, and **N. B. Simmons**. 2000. Phylogeny of phyllostomid bats: data from diverse morphological systems, sex chromosomes, and restriction sites. *Bulletin of the American Museum of Natural History* 248: 1-200.
- Simmons, N. B.**, and R. S. Voss. 1998. The mammals of Paracou, French Guiana: a Neotropical lowland rainforest fauna. Part 1. Bats. *Bulletin of the American Museum of Natural History* 237: 1-219.
- Simmons, N. B.** 1998. A reappraisal of interfamilial relationships of bats. In T. H. Kunz and P. A. Racey (eds.), *Bat Biology and Conservation*, pp. 3-26. Smithsonian Institution Press.

Simmons, N. B., and C. O. Handley. 1998. A revision of *Centronycteris* Gray (Chiroptera: Emballonuridae) with notes on natural history. *American Museum Novitates* 3239: 1-28.

Schutt, W. A., and **N. B. Simmons**. 1998. Morphology and homology of the chiropteran calcar, with comments on the phylogenetic relationships of *Archaeopteropus*. *Journal of Mammalian Evolution* 5: 1-32

Simmons, N. B., and J. H. Geisler. 1998. Phylogenetic relationships of *Icaronycteris*, *Archaeonycteris*, *Hassianycteris*, and *Palaeochiropteryx* to extant bat lineages, with comments on the evolution of echolocation and foraging strategies in Microchiroptera. *Bulletin of the American Museum of Natural History* 235: 1-182.

Simmons, N. B. 1996. A new species of *Micronycteris* (Chiroptera: Phyllostomidae) from northeastern Brazil, with comments on phylogenetic relationships. *American Museum Novitates* 3158:1-35.

Simmons, N. B. 1995. Bat relationships and the origin of flight. In P. A. Racey and S. M. Swift (eds.) *Ecology, Evolution, and Behavior of Bats*. Symposium Zool.Society London, Vol. 67: 27-43. Oxford University Press.

Simmons, N. B., and T. H. Quinn. 1994. Evolution of the digital tendon locking mechanism in bats and dermopterans: A phylogenetic perspective. *Journal of Mammalian Evolution* 2: 231-254

Simmons, N. B. 1994. The case for chiropteran monophyly. *American Museum Novitates* 3103: 1-54.

Simmons, N. B. 1993. Morphology, function, and phylogenetic significance of pubic nipples in bats. *American Museum Novitates* 3077: 1-37.

Simmons, N. B. 1993. The importance of methods: archontan phylogeny and cladistic analysis of morphological data. In *Primates and their Relatives in Phylogenetic Perspective*, R. D. E. MacPhee (ed.), pp. 1-61. *Advances in Primatology Series*, Plenum Publ. Co., New York.

Simmons, N. B. 1993. Phylogeny of Multituberculata. In *Mammal Phylogeny: Mesozoic Differentiation, Multituberculates, Monotremes, Early Therians, and Marsupials*, F. S. Szalay, M. J. Novacek, and M. C. McKenna, (eds.), 146-164. Springer-Verlag, New York.

Simmons, N. B., M. J. Novacek, and R. J. Baker. 1991. Approaches, methods, and the future of the chiropteran monophyly controversy: a reply to J. D. Pettigrew. *Systematic Zoology* 40(2): 239-243.

Baker, R. J., M. J. Novacek, and **N. B. Simmons**. 1991. On the monophyly of bats. *Systematic Zoology* 40(2): 216-231.

Greenwald, N. S. 1989. Phylogeny and systematics of multituberculate mammals. Ph.D. Dissertation, University of California, Berkeley. 290 pp.

Greenwald, N. S. 1988. Patterns of tooth eruption and replacement in multituberculate mammals. *Journal of Vertebrate Paleontology* 8(3): 265-277.

Simmons, N. B. 1987. A revision of *Taeniolabis* (Mammalia: Multituberculata), with a new species from the Puercan of eastern Montana. *Journal of Paleontology* 61(4): 794-808.

Simmons, N. B. 1986. *Taeniolabis* Cope, 1882 (Mammalia, Multituberculata); proposed designation of *Polymastodon taoensis* Cope, 1882 as type species. *Bulletin of Zoological Nomenclature* 43(3): 310-311.

Simmons, N. B. and D. Miao. 1986. Paraphyly in *Catopsalis* (Mammalia: Multituberculata) and its biogeographic implications. *Contributions to Geology*, University of Wyoming, Special Paper 3, pp. 87-94.

ABSTRACTS

Simmons, N. B., K. Seymour, and G. Gunnell. 2007. A new primitive bat from the early Eocene of Wyoming: fossils, phylogenetics, and the evolution of echolocation and flight. *Journal of Vertebrate Paleontology* 27(3): 147A

Simmons, N. B., N. P. Giannini, and F. Almeida. 2007. Phylogenetic relationships of cynopterine megabats. *Bat Research News* 48(3): 123.

Giannini, N. P., **N. B. Simmons**, and F. Almeida. 2007. Phylogenetic relationships of harpyionycterine megabats. *Bat Research News* 48(3): 124.

Simmons, N. B., and N. P. Giannini. 2006. Phylogeny and evolution of African megabats. *Bat Research News* 46(4): 218-219.

Giannini, N. P., F. C. Almeida, and **N. B. Simmons**. 2006. Higher-level megabat phylogeny: results from combined analyses of an expanded morphological dataset with new and old mitochondrial and nuclear sequences. *Bat Research News* 46(4): 174.

Almeida, F. C., N. P. Giannini, R. DeSalle, and **N. B. Simmons**. 2006. A phylogeny of megabats based on three nuclear genes. *Bat Research News* 46(4): 149-150.
