

More or less punctured; clothed with pallid pubescence. Head smooth, polished, declivous, longer than high; width of vertex with eyes equal to twice the length of the first antennal segment. Vertex strongly and entirely marginate at base. Eyes oblique. Clypeus not very prominent. Pronotum at base nearly twice as wide as head, collar short, not as wide as the vertical margination. Pronotal callosities subconfluent, behind these the pronotum is punctulate; lateral margins somewhat rounded, not reflexed. Lateral margins of elytra ampliate, wider near the apex than the cuneus, fracture of the latter deeply marked; cuneus nearly isosceles, or a trifle wider than long. Posterior femora not strongly incrassate, reaching a little beyond apex of abdomen, tibiæ long and slender. Third segment of posterior tarsi longer than either first or second, second longer than first.

S. RAVANA, sp. nov. ✓

Apex of head, two basal antennal segments, base of pronotum, scutellum, elytra, femora and base of tibiæ, underneath, black or brownish black. Remainder of head and pronotum reddish testaceous. Legs pallid fuscous. Stink-orifices pallid. Membrane fumate. Abdomen beneath smooth and polished. Second segment of antennæ three times as long as first, apical two-thirds incrassate a little, two and one-third times as long as the slender third segment. Rostrum reaching posterior coxæ. ♀. Long. 5 mill.

THE PUBLICATION-DATE OF THE RHYNCHOTAL PART  
OF THE 'VOYAGE OF THE COQUILLE.'

BY G. W. KIRKALDY, F.E.S.

WHEN preparing the first part of my work "On the Nomenclature of the Genera of the Rhynchota" (Entom. 1900, p. 25 *et seq.*), I was able to examine only a separate copy of the Rynchotal portion of Duperrey's 'Voyage autour du monde sur la Coquille.' This was dated 1830, and as the work was cited by Laporte in 1832, and Boisduval in 1835, I did not question its correctness. Lately, however, I have been able to examine the whole work, and find that I was led into grievous error. The title-page of the zoological part, vol. ii. pt. 2, division 1, bears the date
